CHANGING THE WAY WE EXPERIENCE MUSIC

In an increasingly disconnected world, Guitar Mash, a 501(c) 3, fosters civic engagement and community through its signature Urban Campfires—participatory music and storytelling events for ALL that change how we experience music and connect with each other.

The year ahead features our 8th Annual NYC Urban Campfire on Sunday, November 17th at Le Poisson Rouge and the continuation of our free monthly songwriting workshops for teens. In addition, Guitar Mash will expand its offerings in New York City and around the country.

We hope you will consider being a part of the growth of Guitar Mash and support our ongoing efforts to effect change through communal music making.
