

# THE URBAN CAMPFIRE SILENT AUCTION + RAFFLE

## We Need Your Support!

In this time of discord and divide, the transformative power of music and community is more important than ever. Guitar Mash taps into the strength of communal participation with our Urban Campfires, bringing people of diverse backgrounds and musical abilities together to play and learn and tell their stories. As we expand our “campfires” and teen programs in and outside of New York City, your support helps us reach the audiences that need us most.

## THANK YOU FOR YOUR GENEROSITY!
